## WORK EXPERIENCE

### TECHNICAL PROJECT MANAGER EY

06/2019 - Present

#### Achievements/Tasks

- Key role in the successful delivery of cloud hosted Global HR system, with over 400 downstream integrations used across 140 countries.
- Managed cross functional teams of BAs, Developers, QA personnel to remediate and adapt Global/Local country infrastructure and applications.
- Coordinated and strategised with global leads across portfolios to ensure successful delivery of project deliverables.
- Designed, developed and deployed new integrations for local countries.
- Created, presented and executed comprehensive project plans.

### INTEGRATIONS PROJECT COORDINATOR EY

02/2018 - 06/2019

#### Achievements/Tasks

- Coordinated system integration, development, testing and remediation for GSA, MED, CSE, Nordics and Poland.
- Managed projects teams across all regions, proactively identifying and addressing any challenges.
- Conducted system interface analysis, identifying remediation requirements and providing technical support.
- Managed all bugs generated by countries, liaising with BAs, developers and business contacts to procure timely resolutions.
- Responsible for delivery of test environments across all portfolios for local countries.
- Devised custom test plans to ensure comprehensive integration testing.

### TECHNICAL SPECIALIST EY

03/2011 - 02/2018

#### Achievements/Tasks

- Provided third level application support for local applications throughout EMEA.
- Produced deployment guides, validation plans, roll back plans and application documentation.
- Created testing phase documentation, co-ordinating testing groups and acting on testing outcomes.
- Successfully designed and implemented new processes to reduce level of service requests and incidents.
- Built excellent relationships with business and technical contacts throughout EY, TCS and external vendors.

## SKILLS

Azure DevOps Cyber Security

Cloud Adoption Framework SQL
